Hi David,

At this point I have no knowledge of any plan. I am aware that there is a required Specialized training for entering this Storm drain which Cal Trans and the CHP have been in Contact with us about. I also am not aware of any LAPD entities that have received this specialized training. There is a coordinated effort to address this location but I don't not believe this will happen before tomorrow or the 9th. I will reach out to Cal Trans to clarify.

Our LAPD Off Road unit as well as LAHSA conducted Outreach and warnings today along River and Basin locations known to flood. I will follow up with you if I receive additional information and will loop you in on our communication about this Olive location.

Take Care,

Emada

Subject: Contingency plan for 8512 S Olive Street (homeless sewer encampment)

Hi Emada

The weather forecast shows rain for 1/5,1/7, and 1/9. Is there a plan to remove the homeless from out of the storm drain due to the possibility of flooding?

Thanks

David M Reddix, Battalion Chief  
Battalion 13, B Platoon
